

Connecting to Jobs

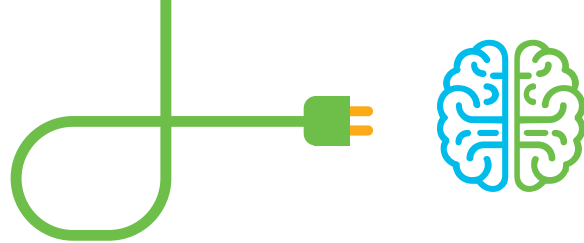

Cisco Talent Bridge

Networking Academy Talent Bridge Program

The bridge between talent and opportunities

Connecting our learners to
opportunities in the digital workforce
with Cisco and our Cisco Channel
Partners around the world

Connecting Talent to Opportunity

Talent Bridge is our employment program for Cisco Networking Academy

Talent Bridge connects Cisco and partner employers with world-class Networking Academy talent for the digital economy workforce of the future. The program offers valuable free resources for both employers and students—helping employers find technology-savvy talent and supporting students as they emerge from academic learning to begin their careers.

Matching Engine

Connecting Talent with Opportunities

Links Cisco and partner employers with world-class NetAcad talent for the digital economy workforce of the future.

Matching Engine automates and systematizes the linkage between supply and demand to accelerate hiring

Access to tool requires your NetAcad.com login for candidates. All employers are verified prior to access.

Global Platform – connects students with Cisco and Channel Partner opportunities

Offers qualified students and graduates employment connections based on achievement, geographic location, and job roles.

Participants are required to be >18 to use the tool

Matching Engine Employment

Every company needs tech services, no matter the industry

Growing Options

We have more than 725 employers with approximately 3500 open opportunities at any given time, in over 100 countries.

More Types of Jobs

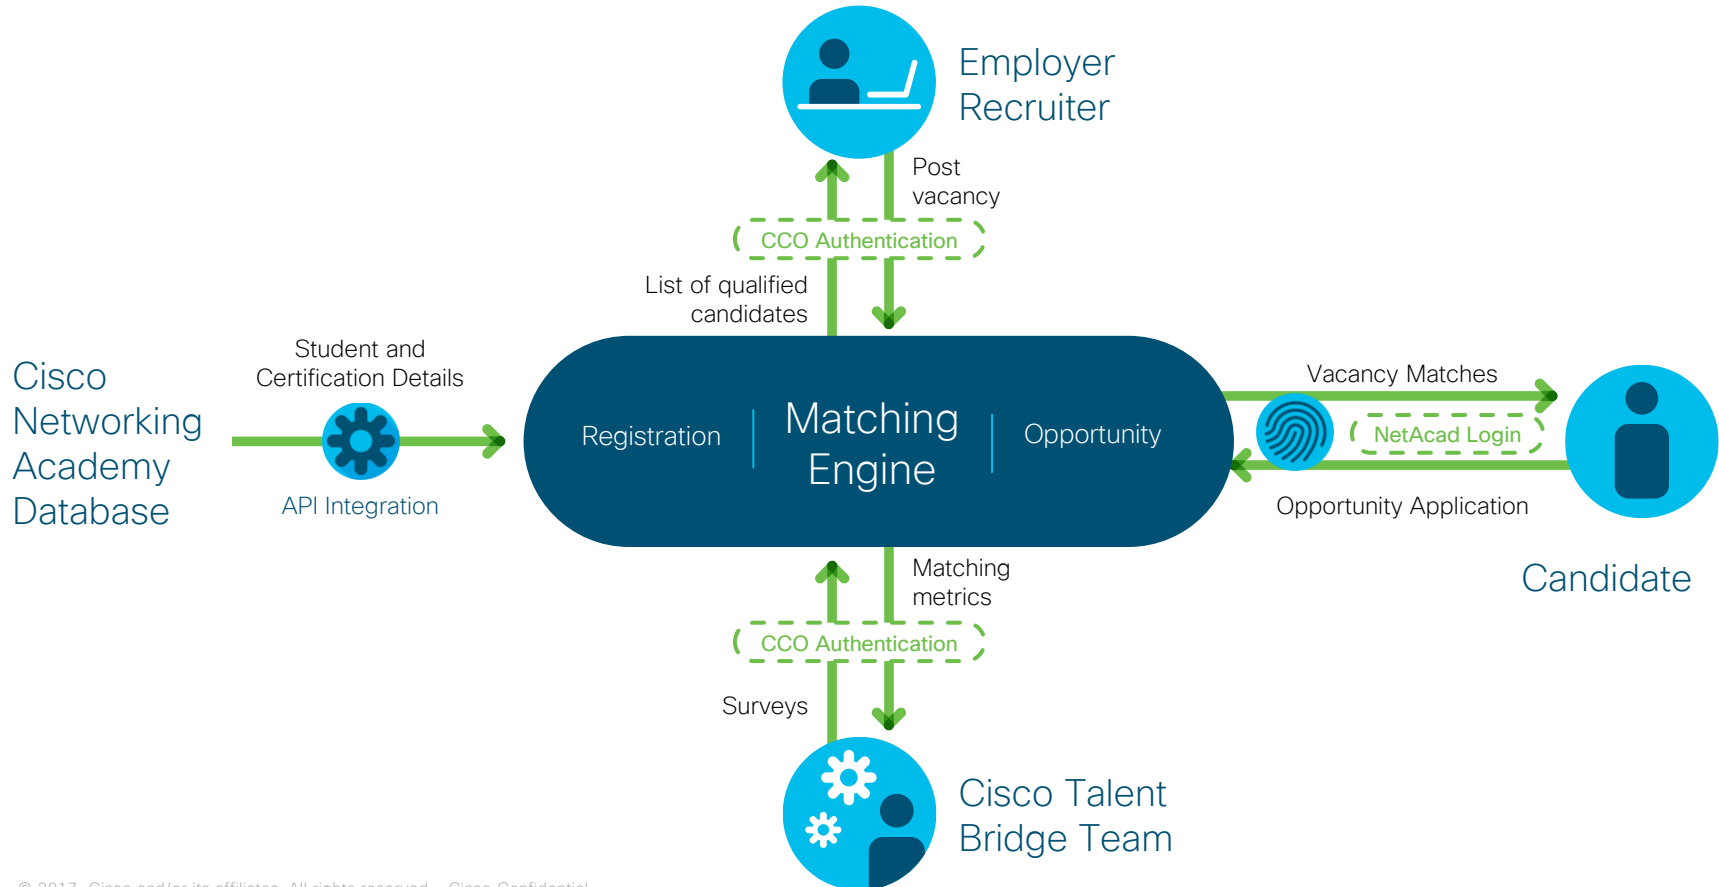

Features jobs that are both technical and nontechnical. As well as jobs that range from early-in-career to senior level positions.

Many Options, Many Industries

Get a job working for Cisco Channel partners that service industries from: healthcare, commercial accounts, financial, government accounts, manufacturing, educational institutions, hospitality, telecom, media/entertainment, and others.

Matching Engine

This is how it works:

- Auto populating NetAcad profiles with NetAcad courses and basic details

- Matching to jobs based on Location, Education, Language, Certifications

- Recruiters will see NetAcads identified with badge AND can filter to see only NetAcads

In the future:

- START matching to jobs based on skills from the Skills Matrix

- SHOWCASE NetAcad course badges on profile

Easy Steps to Get Started

1

Log into Talent Bridge
Matching Engine

2

Register to begin searching for career
opportunities you qualify for

3

Review your matched, open jobs

4

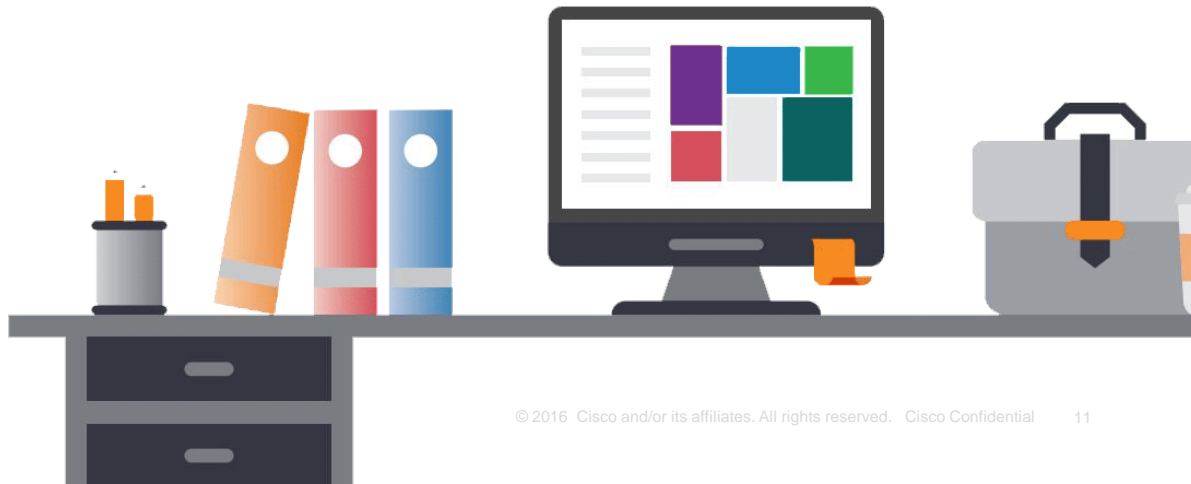

Apply for opportunities that interest you
most

5

Let us know if you are hired!
